The EDU-Home platform

EDU-Home for Higher Education Institutions

EDU-Home for Accommodation Solution Providers

The EDU-Home Platform

EDU-Home is a platform for dialogue and cooperation between **all actors and stakeholders involved in housing and mobility**, ensuring transparency, reliability and timeliness to address asymmetries currently making accommodation one of the main barriers to mobility.

The platform has been developed through the EDU-Home project, financed by the Erasmus+ programme, KA220-HED - Cooperation partnerships in higher education.

The EDU-Home Platform

Verified accommodation solutions:

Platform supervisors verify accommodation listings before they are published

Open Platform:

any accommodation solution
is welcome

Lessons Learned:

complementarity with
existing and ongoing project
without duplications

One Platform:

represents all the different
housing solutions available
within the European
Education Area

Tailored for HE Students and Staff:

the platform was developed
according to their specific
requirements

Feasibility and Sustainability:

an agile, step-by-step approach.

Payment management handled directly by direct providers

What you will find

The EDU-Home platform

EDU-Home for Higher Education Institutions

EDU-Home for Accommodation Solution Providers

Higher Education Institutions

International Relations Offices:

When managing outgoing mobility, promote the platform consultation and, if needed, check it for any available housing solution at destination.

When managing incoming mobility, promote the platform among the students and the housing solutions providers you are in direct contact with

Students and Staff in mobility :

Before you travel, remember to always check the platform so you don't miss any available accommodation options at your destination

Housing management Office :

Create an account on the platform and upload your accommodation solutions. See more on the next sections!

Housing outsourcing management:

Invite all partner accommodation providers to register on the platform and list their offerings

What you will find

The EDU-Home platform

EDU-Home for Higher Education Institutions

EDU-Home for Accommodation Solution Providers

Accommodation Solution Providers

Direct providers:

All entities, both public and private—from small landlords to large accommodation providers—can overcome national barriers by improving their visibility to students and staff on mobility

Booking providers:

Promote your booking service to students and staff on mobility across the entire Erasmus area

Information providers:

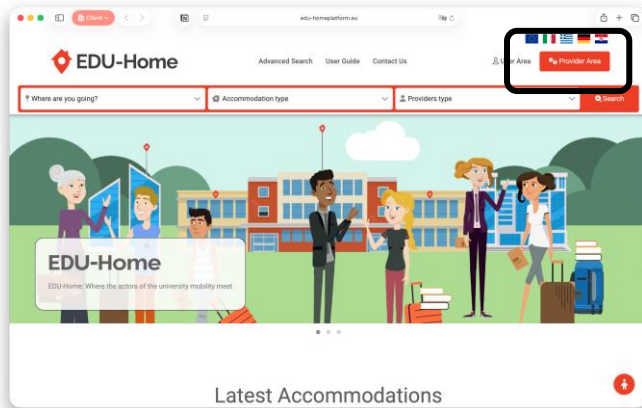

Students Associations, Tourists Service Points and other information providers can integrate their offer in EDU-Home

Discount providers:

Discount cards for students and any other form of accommodation-related discounts.
Everyone is welcome at EDU-Home

Upload your Accommodation Solutions

Make your Accommodation Solutions visible for every student and staff in mobility by **uploading** them into the EDU-Home platform.

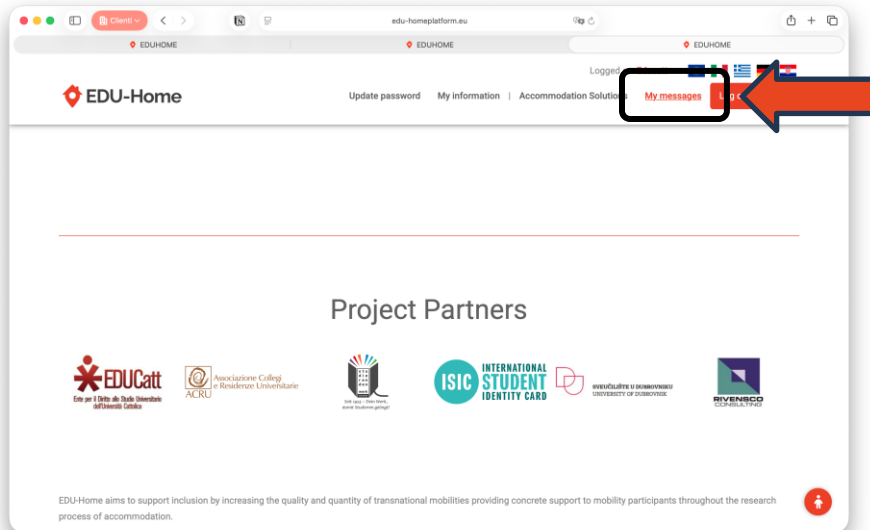

Start by **registering** your institution to the EDU-Home platform here, then follow the guidelines.

edu-homeplatform.eu

Please complete all required fields to ensure your Solutions are presented clearly and professionally on the Platform. Please consult the **provider manual** for any detail. Your Solutions will be published as soon as the Platform Supervisor for your Country will **review** your application and your contents.

Check for incoming inquiry

As soon as students and staff in mobility start to find you on the platform, you may receive inquiry messages in the platform.

Be sure to regularly check your inbox - **My Messages** - on the Platform and give support and guidance when needed!

Communicating with demand users

Once your offer is published, interested students, researchers, or staff can contact you **directly through the platform**.

Good practice: polite, timely, and professional responses strengthen your reputation and make your offers more attractive to future users. To ensure smooth and transparent communication:

-  Reply politely, promptly & professionally – trust
-  Use only the platform's messaging system (secure & traceable)
-  Give clear info: availability, price, facilities & rules
-  Avoid off-platform arrangements (no private emails or payments)
-  Confirm agreements in writing via platform (dates, rent, deposit)

Future Roadmap

- 1. Continue with the European Student Card and consolidate partners
- 2. How will the edu-home project progress?
 - 1. The European Student Card project can be pursued anew by engaging with the partners in order to implement the Student Card at additional locations.

Rollout

- 2. 1. The edu-home project could be continued through a follow-up application, or it might possibly become an ECSTA project?
- 2. 2. Rollout: More partners could be added to the existing site so that the page can also be used at other university locations. This way, more students would also have the opportunity to quickly get a dorm room (or a private room) bundled conveniently in one place. As in Karlsruhe, partners such as universities, the Paritätischer Bund, private dorm providers or the Volkswohnung can be contacted to be added to the site. These can be activated with the desired room offers after review.
